## **CALL FOR PAPERS**

*ALL accepted papers will be submitted for publication to **American Journal of Business Management & Technology** OR **Technology Analysis and Strategic Management**, a publication of the Taylor and Francis Group.*

*The Congress aims to bring together scholars, practitioners, consultants and policy makers from different disciplinary backgrounds to facilitate dissemination of ongoing research and experiences in Disruptive Technology and Disruptive Innovation, and stimulate a holistic exchange of ideas on the issues, trends and developments thereof. The Congress will include keynote addresses, invited talks and workshops as part of a dialogue between academia, industry and policy makers.*

### **Call for Contributed Papers**

*We invite submission of research papers, case studies and policy prescriptions, based on conceptual as well as empirical work, in Business and Management and Economics/Political and Social Sciences, which highlight the significant long term impact of Disruptive Technology and Disruptive Innovation in the 21st century.*

*For further details, and information on paper submission, please visit our website:*
